## CONTINUOUS COMPREHENSIVE ASSESSMENT(CCA) AND EVALUATION

All courses (Core, Elective and Ability enhancement) involve an evaluation system of students that has the following two components:-

- A) **Continuous Comprehensive Assessment (CCA)** accounting for 30% of the final grade that a student gets in a course; and
- B) **Annual Examination** accounting for the remaining 70% of the final grade that the student gets in a course.

**NOTE:** A student will have to pass both components (i.e. CCA& AE) separately to become eligible to be declared successful in a course.

- A) **Continuous Comprehensive Assessment (CCA)**: This would have the following components:

- I) **Classroom Attendance:** Each student will have to attend a minimum of 75% Lectures Tutorials / Practicals. A student having less than 75% attendance will not be allowed to appear in the Annual Examination.

- ◆ Provided that those having between 74% and 65% attendance will apply for exemption in a prescribed form accompanied by clear reason(s) for absence to the authorized functionaries.
- ◆ Provided that those having between 64% and 50% attendance will apply for exemption in a prescribed co-curricular activities (e.g. NCC, NSS, Youth Festivals, Sports etc.) to the extent of 25% (making the necessary attendance as 50% in these cases). However, the claim for this exemption should be supported by authenticated certificate from the concerned college authorities.
- ◆ Provided further that those getting the exemptions, except for those getting exemptions for co-curricular activities, will not be entitled for getting the CCA marks for classroom attendance as given below.

Those having greater than 75% attendance (for those participating in Co-curricular activities, 25% will be added to percent attendance) will be awarded CCA marks as follows:

I) $\geq 75\%$ and $< 80\%$	=3 marks
II) $\geq 80\%$ and $< 90\%$	=4 marks
III) $\geq 90\%$	=5 marks

- II) Mid-Term Test:** There will be one mid-term test to be conducted approximately when 2/3 of the syllabus has been covered. This mid-term test will be for 15 marks.
- III) Seminar/Assignment:** The remaining 10 marks of the CCA will be awarded on the basis of the seminar/assignments.

### **B) Annual Examination**

The remaining 70% of the final grade of the student in a course will be on the basis of an End Annual Examination that will be of three hours duration and will be covering the whole syllabus of the course. Annual Examination of all the streams will be in the month of March/April.

- ◆ A candidate who does not pass the examination in any course(s) (or due to some reason is not able to appear in the annual examination, other conditions being fulfilled, and so is considered as 'Fail'), shall be permitted to appear in such failed course(s) in the supplementary examination to be held in the following October/November or March/April/May as the case may be.
- ◆ If a student is not permitted to appear in the annual examination due to shortage of attendance beyond the exemption limit ( $< 50\%$  attendance) shall be deemed to have 'dropped' the course. However, such candidates, on his/her written request to be made immediately, can be permitted to redo the missed courses after completing the rest of the programme or whenever the course is offered subsequently. This redoing would mean complete course including CCA and annual examination.
